INDUSTRIAL PRODUCTION PRICES INDEX
January 2025

PRICES IN INDUSTRIAL PRODUCTION DECREASED 0.3%

Industrial Production Price Index decreased 0.3% in January, down by 1.9 percentage points from December, mainly reflecting the reduction in prices of non-durable consumer goods, due to the drop in olive oil production prices. Excluding the *Energy* grouping, the index year on year change rate was -1.2% (0.5% in the previous month). The monthly change rate of the aggregate index was -1,5% (0.4% in the same period of 2024).
