### Statistics Portugal publishes 2010 data on culture

The publication *Cultural Statistics – 2010* makes available statistical information on various cultural domains in the context of education, employment, consumer prices index, enterprises, international trade in cultural goods, cultural heritage, visual arts, periodical publications and literature, cinema and performing arts, broadcasting and public financing of cultural activities. This information is preceded by a chapter where main results are analysed in order to provide a more immediate reading of temporal evolution of the main indicators in the cultural and creative areas.
